## AN INDUSTRY LEADER

Industry leaders for over 72 years, Drilling Specialties Company, a division of Chevron Phillips Chemical Company LP, surpasses the competition with a family of stimulation and production chemicals that provide exceptional performance across a wide range of environments; especially in harsh, high-temperature applications.

# A LEADER FOR OVER 72 YEARS

You can count on Drilling Specialties Company for superior oil and gas recovery technology, technical expertise and innovative new product development. The Drilling Specialties Team...*Dedicated to Total Quality.*

- DRILLING MUDS
- COMPLETION FLUIDS
- CEMENTING
- STIMULATION
- EOR
- COIL TUBING

# DRILLING MUD

Drilling Specialties Company supplies top quality products for water-based muds, oil-based muds and synthetic fluids plus the professional field service to go along with them. As a provider of high-quality technology and technical expertise, *Drilling Specialties Company can be a crucial member of your drilling team.*

# SUPERIOR QUALITY PRODUCTS

- **WATER-BASED MUDS**
- **OIL-BASED MUDS**
- **SYNTHETIC FLUIDS**

Our technical staff brings a stimulating approach to enhancing production, and our products deliver exceptional performance across wide-ranging producing environments.

# CEMENT

Drilling Specialties Company offers an array of specialized cementing additives, retarders, fluid-loss reducers, dispersants, spacers and extenders for your oilfield cementing needs, plus the professional field service to go along with them. With top industry performance and extensive experience, *discover how Drilling Specialties Company outperforms the rest.*

# SUPERIOR QUALITY PRODUCTS

- **CEMENTING ADDITIVES**
- **RETARDERS**
- **FLUID-LOSS REDUCERS**
- **DISPERSANTS**
- **SPACERS**
- **EXTENDERS**

for your oilfield cementing needs

Our technical staff brings a stimulating approach to enhancing production, and our products deliver exceptional performance across wide-ranging producing environments. We are ready to support you with our extensive field experience, technical know-how, products, systems and services.

# STIMULATION CHEMICALS

From Completion Fluids in high production zones to our line of environmentally friendly, high-performance stimulation products, rest assured Drilling Specialties Company has the right Production Stimulation and Completion Chemicals needed for the job. With a wide range of products and expertise, we are your partner to solve any problem and boost your performance. *Drilling Specialties Company is dedicated to total quality.*

# SUPERIOR QUALITY PRODUCTS

- **COMPLETION FLUIDS**
- **STIMULATION**
- **EOR**
- **COIL TUBING**

Our products deliver exceptional performance across wide-ranging producing environments. No matter your operational needs, *Drilling Specialties Company products and services are never far away.*

## WEALTH OF EXPERTISE & SERVICE

Our sales and service engineers possess a wealth of expertise, while the knowledgeable technical service staff is always ready to provide immediate support from our mud, cement, stimulation and polymer laboratories. We have representatives strategically placed worldwide to serve our customers. Put us to work as part of your drilling team. The more technical your drilling application or production conditions, the more *Drilling Specialties Company* can contribute to your success.

# DEDICATED TO TOTAL QUALITY

## WORLD-WIDE EXPERIENCE

With Drilling Specialties Company, you can count on performance, quality and delivery regardless of your global location. *Around the world on a well near you.* Drilling Specialties has offices in Houston, Dubai, Aberdeen, Singapore and Belgium. Products are distributed from stock points throughout the United States, Canada, Middle East, Europe and Singapore. You can count on product quality and timely delivery, regardless of your location.

# SUPERIOR QUALITY PRODUCTS
